INTRODUCTION

AMT INVESTOR DIRECTORY

THIRD EDITION | 2011

The “AMT Investor Booklet” is published on a yearly basis by the African Microfinance Transparency Forum (AMT). AMT would very much like to thank ADA asbl, the Luxembourg Development Cooperation and for their support in creating this booklet.

The principle objective of this publication is to facilitate relationships between African MFIs and investors / resource providers active in Africa.

This second edition is based on information provided by the investors themselves and was compiled by the AMT coordinator. It represents the investor's opinion and the latter is therefore solely responsible and reliable for his/her works. AMT would like to thank the investors listed in the booklet that kindly took the time to contribute information on their organisation.

Created in 2003, AMT is a legally constituted organisation registered in South Africa that aims to promote transparency and strengthen performance of African MFIs in order to improve the efficiency of their actions and activities in terms of poverty alleviation.

It seeks to do this by developing the use of external microfinance ratings and evaluations of African MFIs so as to promote their growth, development and professionalisation. A list of its members can be found after the investor profiles.

Any comments or feedback can be sent to info@amt-forum.org or please visit the website www.amt-forum.org.
